THIS MONTH'S FREEBIE

is a U. S. wood donated by member Antoinette Cichy of N. Kingstown, Rhode Island. They were printed for the International Order of Wooden Money Collectors" and the Dedicated Wooden Money Collectors' meetings at the A.N.A. Convention in Cincinnati in August.

NEW ISSUES:

The above issue by the Miramichi Coin Club, for Northumberland Square is available from Mark McLaughlin, 467 Water Street, Chatham, New Brunswick, E1N 1B2. There are still a few left. Price is 25¢ ea plus SASE. He also still has a few of the APNA woods issued in May in the same style. Price for the latter is 2 for \$1.00 plus SASE.

Norm Wells informs that there is a new Newmarket, Ontario wood, issued June 1, 1980, but that he does not know the price or where available, YET.

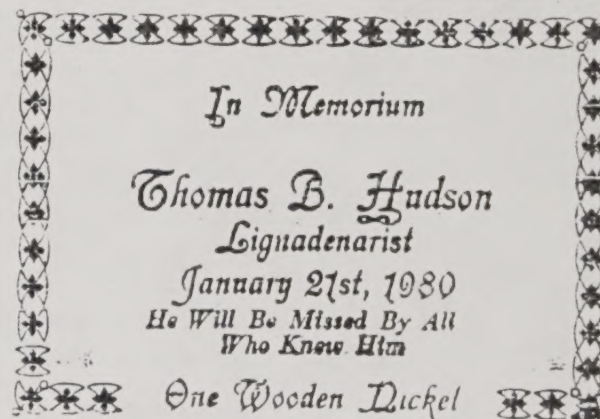

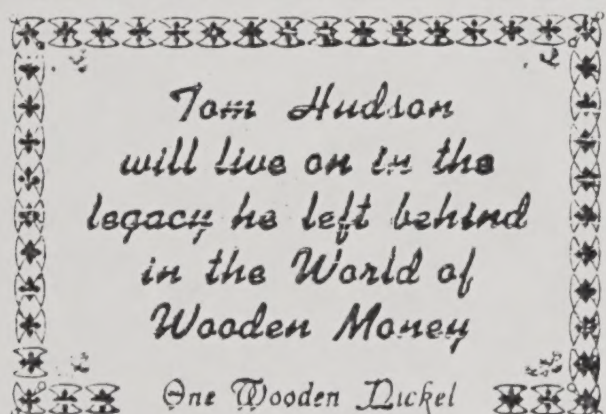

C.N.S. AUTOGRAPHED WOOD SETS:

Following the success of the Calgary Numismatic Society's coin show in April, the club executive has put together sixteen sets of the show woods. Each set consists of one regular wood plus nine autographed by each of the show committee chairmen. Nine of these sets have been sold, one each, to the show committee chairmen, one set has been placed in the club archives, one set was sold at the club's June auction (for a price of \$31.00). The club executive will decide in the Fall how the sale of the remaining five sets will be handled. This completely depletes the club's supply of this wood, which was distributed to CAWMC members with the April issue of Timber Talk. Interestingly enough, the idea for the sets of autographed woods did not originate with a wooden money collector, but was suggested as a means of disposing of leftover woods and perhaps adding a bit more money to the show revenues.

There appears to have been a lull in the issue of woods in western Canada for several years. Lately, however, there has been a revival of new issues, many by non-wood collectors.

REQUEST:

Would members knowing of any new issues please advise the Editor. Norm Wells will advise through Timber Talk of any new catalogue numbers he has issued.

The wooden flat shown above is available free for a SASE (Canadians send 15¢ cash for stamp) from Frank J. DeGilio, 32 Oakwood Blvd., Poughkeepsie, N.Y. 12603, U. S. A.

Norm Wells advises of a new issue, "sort of a trade dollar" (good until Dec. 31st) now available for \$1.00 each plus SASE, from Fred J. Sutter, Town Administrator, Esterhazy, Saskatchewan, SOA 0X0.

Norm also advises of a new wood from Moose Jaw. He wasn't sure of the price, but suggests that members send 50¢ per wood plus SASE. Lakeview Motor Inn & Campground, Moose Jaw, Saskatchewan is the only address known for this wood.

Nothing is known of the wood shown above, which commemorates the wedding of one Mr. & Mrs. Hugh Hofland, of Richmond Hill, Ontario. This specimen turned up in a new shipment of woods received by Garry Braunwarth (these woods will be expounded upon in more detail later, as Garry has donated enough to give one free to each CAWMC member) of Calgary. Any info would be greatly appreciated.

CNA CONVENTION: Members are reminded of the CAWMC breakfast to be held at the Canadian Numismatic Association Convention in Montreal on Friday, July 25, 1980. Gathering starts about 9:00 A.M. and the food will be served at 9:30. Following the breakfast, we will have a trading session.

To date at least three new woods have been issued for the CNA Convention: two by Garry Braunwarth and one by Paul Johnson of Toronto. Both have agreed to donate woods to be given out to CAWMC members.

HURONIA WOOD:

Shown here is a new wood issued by the Huronia Numismatic Association for its 20th anniversary on September 18, 1980. These fairly thick woods are of maple and were produced in Canada. We hope to be able to publish more information on the manufacturer very soon. The price of the woods is not known at this time. For information write to: Mr. Ken Prophet, Huronia Numismatic Association, P. O. Box 243, Barrie, Ontario, L4M 4T2.

The above new wood was turned up by Garry Braunwarth, whose father happened to acquire a few from a resident of Airdrie, Alberta. Nothing known about it yet.
